About your Family :

Family life consists of relations with relatives – real and extended, spouse, kids and neighbors etc. When Saturn occupies the ascendant and is the

lord of second bhava- it becomes 12th to its own sign. Thus there will be some minor differences between you and your family members. They will be more pronounced if your relatives, parents, spouse also have the same ascendant. It is common logic. Saturn will be in Ketu's star whole year except when it will move back to Scorpio. Ketu will afflict your kutumba bhava from august 2016. Thus people with Saturn DBA will face much turmoil's in their day to day life and it will exaggerate from august. People with Ketu DBA will also reap the same fruits after August, can be worst. Have an equilibrium with your spouse after august. You will get help from your friends, Elder Brothers, Government Officials etc. Make sure you keep everyone happy and you will make a lot in return.

About your Career :

The lord of the ascendant is transiting in 10th house till 12th September and then it will move to 11th This and the coming year 2018 are going to be a dream come true for you if you have Jupiter in your DBA till two years. You will see many of your career goals being realized dramatically. Health

issues can be there but minor ones. But those with Ketu, Rahu, Saturn DBA`S will not get such good luck and will see a downfall in their respective careers. People with Ketu DBA should remain cautious more than everyone and more after August 2016. Keep your written communication precise and crystal otherwise there is good possibility that you may engulf yourself in a controversy you never intended to start. Wrong accusations are also an item in the menu. So is sudden rustication of your services. This Saturn-Ketu connection will have a 360 degree negative impact on you this whole year. Jupiter, Venus, Mars, Moon, Mercury, Sun DBA will be good more or less but not the other ones.

How to read your Horoscope:

Dear Reader,

This is a Vedic astrology horoscope and please read below to know how to read your predictions.

As you are aware there are 12 houses and 9 planets and 12 signs which are the basis of Hindu Vedic Astrology since thousands of years. The numbers which are marked in brown denote houses of horoscope and this is universally static. The Vedic horoscope will be same across the globe and the house arrangement remains the same i.e. from 1 to 12 anticlockwise. The universe is always in motion and so are the signs and precisely this is why the 12 signs keep changing the houses along with planets. The numbers marked in blue are the 12 signs which never remain steady. There are 9 planets which are placed in these signs and houses at the time of birth and the combination of these three gives the clues to the astrologers about your future.
