Meridian or 10th house is the Apex of the horoscope. It will reveal about the career of the native. The combination of the houses 2-6-10-11 describe about career and finance. Planets connected with these houses will bless rewards during their periods.

In your horoscope Aries rises over 10th house owned by Mars. As per KP the sub lord of 10th house is Saturn. He is in the star of Moon and sub of Saturn. This combination is called as 'punarphoo' as per KP system. There will be pressure and uncertainty during the periods of Saturn. You are under Jupiter-Saturn between Nov 2015 and May 2018. This period is not favorable for career and prospects.

You will have stability in career only during Jupiter-Mercury period that rules between May 2018 and Aug 2020. There is definite growth between Nov 2018 and Mar 2019. Till then the period of Saturn may not give much support except delay. You should not expect brilliant results during this period but develop patience.

Transit of Saturn till April 2018 in the star of Kethu is indicating wavering mind and depression regarding financial life. You may

develop extreme anxiety because of delay and uncertainty. There may be only short term employment during this period till April.

You may flourish through contracts, franchise or medium ship activities. There will be prosperity in real estate or mining business activities also.

My prediction is that you will prosper well only after april 2018. Till then you will have testing situations. Be patient and believe in God.
